F.No. MIHAN-SEZ/27/P.N/2019-20/130

dated- 15.06.2023

**Public Notice No. 01 /2023-24**

Attention of all the Units, Developers, and Co-Developers of MIHAN-SEZ is invited to the matter concerning the disposal of e-waste/lead acid batteries/ sludge through septic tank/gutter waste containing on-toxic heavy metals.

The disposal of above mentioned wastes needs to be in accordance with the norms prescribed by the respective State/ Union Territory Administration Pollution Control Board. Therefore, it is hereby informed that the agencies having valid license of Maharashtra Pollution Control Board for the disposal of aforesaid waste or unit empaneled with SEEPZ for this purpose would only be allowed to dispose waste from the zone.

The agency should hold self-certified copy of the valid MPCB certificate and MPCB Pass book mentioning the above mentioned nature of work or proof of empaneled with SEEPZ while carrying out the said disposal activity from the zone. In case of empaneled agencies, proof of empanelment needs to be carried.

  
(Dr. V. Sraman)  
Development Commissioner  
MIHAN-SEZ
